

Enhance™ General Purpose Fluid

Description:

Enhance™ GP Fluid is blended from highly refined base oils which offer protection from rust, corrosion and foaming. It is designed to reduce heat, prevent wear, and reduce friction in general circulating oil applications. This fluid is suitable for use in applications where anti-wear hydraulic oil or premium R & O products are not required.

Benefits:

- Good oxidation resistance
- Good rust protection
- General purpose wear protection

Typical Properties:

| Enhance™ GP Fluid | |
|---------------------------|-------|
| ISO Grade | 46-68 |
| Specific Gravity, Typical | .8783 |
| Viscosity @ 40 °C, cSt | 40-60 |
| Viscosity Index, minimum | 130+ |
| Flash Point | 430°F |
| Pour Point | 16°F |
