

Enhance™ Mineral Gear GL-1 90

Description:

Enhance™ Mineral Gear GL-1 90 is a quality straight mineral gear oil formulated to meet the API GL-1 Classification and to satisfy the basic gear oil demands of many high-performance over-the-road transmissions as well as many older transmission units.

Applications:

These oils are recommended for many types of automotive and industrial equipment where the equipment suppliers recommend the use of a straight mineral oil in SAE viscosity grades 90 (ISO 220) or 140 (ISO 460).

Benefits:

- Good Lubricant Film
- Excellent Rust Protection
- Good Antifoam Protection

Typical Properties:

Enhance™ Mineral Gear GL-1 90	
API Gravity	29
Flash Point	230°C

ALWAYS CONSULT OWNER'S MANUAL FOR SERVICE AND FLUID RECOMMENDATIONS
