

Enhance™ Universal Tractor Fluid

Description:

Enhance™ Universal Tractor Fluid is a premium multi-purpose lubricant, formulated from select base stocks, and advanced additive technology. It is designed to be a universal, multi-purpose lubricant for a variety of current generation, heavy duty, hydraulic powered farm and commercial equipment.

This product provides a unique combination of ultimate equipment protection and the convenience of using one fluid in place of multiple fluids, while maintaining optimum component performance and durability.

Applications:

Meets or exceeds the requirements of:

- **Allison:** C-3, C-4
- **Case:** MS-1206/1210
- **Caterpillar:** TO-2
- **Clark Transmissions**
- **Deutz-Allis:** 272843
- **Ford:** M2C41-B and M2C134-D
- **Hesston-Fiat:** AF-87
- **International Harvester:** B-6 (Hy Tran)
- **John Deere:** J20C/D, J21A, J14C, JD 303
- **Kubota:** UDT
- **New Holland:** FNHA-2-C-200/201
- **Oliver:** Type 55
- **Renk:** 874 A/B Transmissions
- **Steiger:** HTF (SEMS 17001)
- **Sauer-Sunstrand Pumps**
- **Vickers/Eaton:** I-286-S & M29505S
- **White:** Q-1826 and Type 55

Typical Properties:

Enhance™ Universal Tractor Fluid	
SAE Grade	10W-20
API Gravity @ 60°F	30.8
Viscosity @ 40°C, cSt	59.0
Viscosity @ 100°C, cSt	9.20
Viscosity Index, Min	133
Flash Point	400+°F
Pour Point	-40°F
